

**You must read the directions to your teammates before you start the race.**

\*Write responses and names on the lists provided. You must use a heavy pen or marker.

\*There are only two sheets enclosed no matter how large your team is.

\*You must go to all of the pit stops enclosed on your list and the library and computer lab.

\*You may BOTH decide to go together or you may split up.

**\*WARNING:** Select your locations wisely. If there is only one computer, only one team is permitted to enter that room.

\*All members of the team must be present before you check in(I'll write your time down).

\*All items originally found in this envelope need to be placed back into it before you check in.

\*Before the bell rings, you must check into your final stop - room 307.

\*The team that finishes first, with the most information correct, with the least number of rule infractions will win a prize.

\*No disrupting other classes.
